In summer, open all the openings and enjoy the cool breeze.

GORGEOUS VENTILATION CONFIGURATION

THREE-DIMENSIONAL CIRCULATION IN THE TENT

Top ventilation window of tent, total 5 openings on both sides and two doors
In summer, open all the openings and enjoy the cool breeze.

Strong rainproof / group isolation condensation

The advantage of the fully enclosed tent is that it can fully protect the tent from being touched by rain, and the material of 210T sunscreen fabric also plays a role in isolating condensation.
