

Reusable Hard Plastic Clear Ice Brick

Cold storage ice crystal box

RECYCLE

WATER INJECTION AND STORAGE ICE CRYSTAL BOX

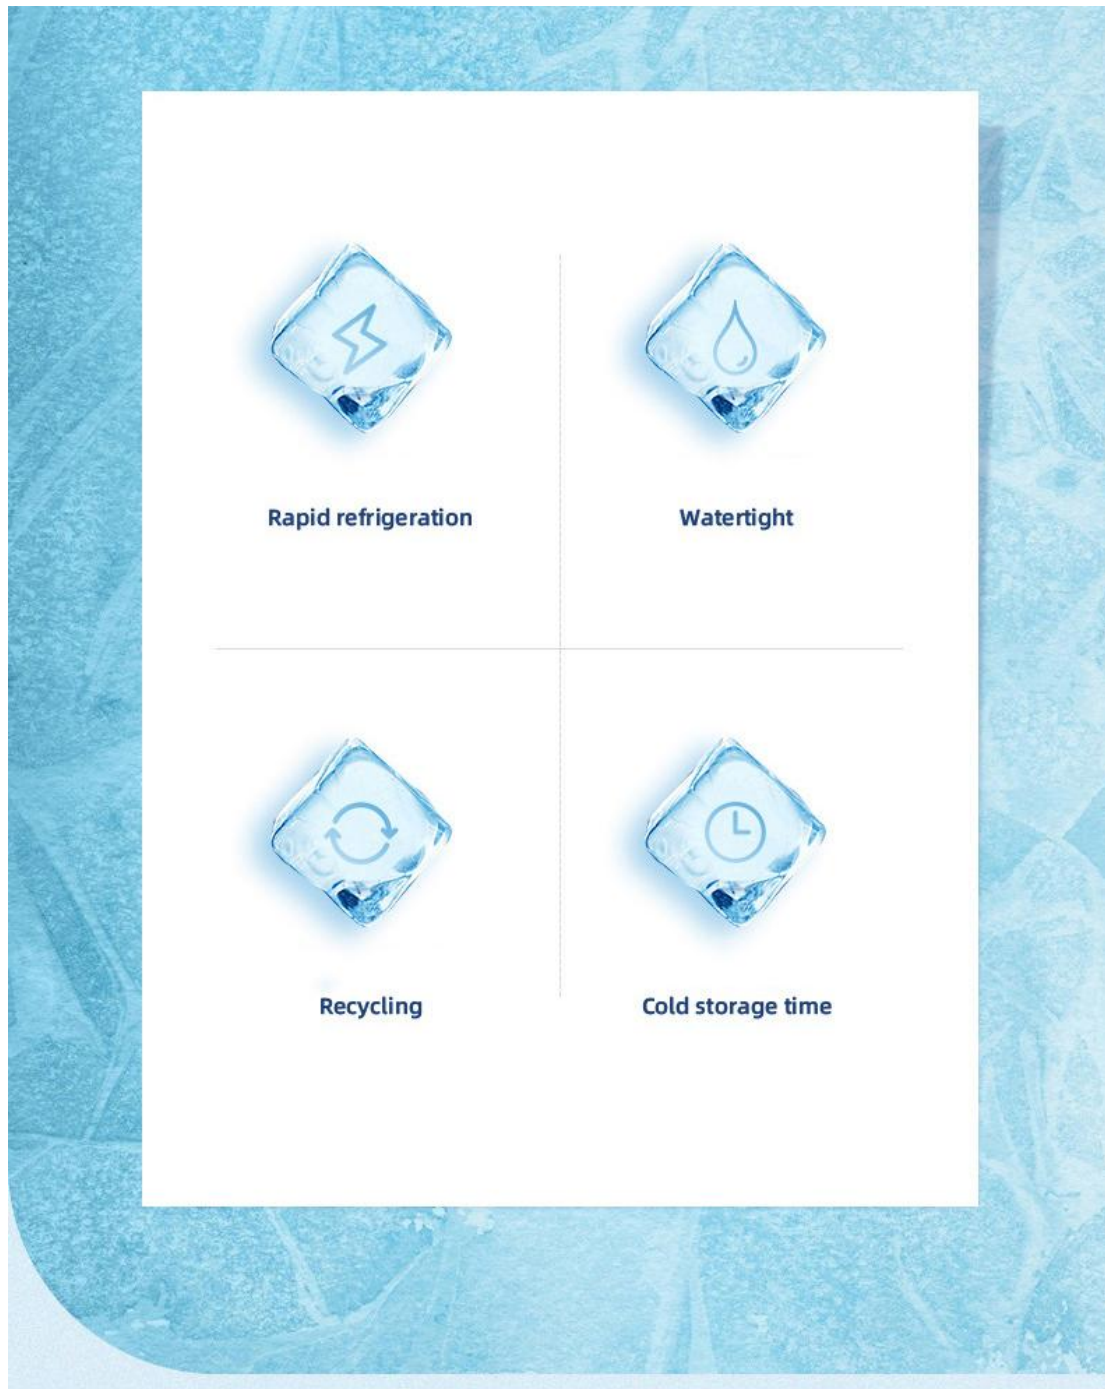

FOOD PRESERVATION REFRIGERATION TRANSPORTATION AIR CONDITIONING
REFRIGERANT

Food preservation, refrigeration ,transportation / air conditioning refrigerant

4 CHARACTERISTICS YOUR BEST CHOICE

- Rapid refrigeration
- Watertight
- Recycling
- Cold storage time

SUITABLE FOR A VARIETY OF SCENARIOS

WIDE RANGE OF USES

**Breast milk
preservation**

Food refrigeration

Cooling fan

**Cold chain
transportation**

HOW TO USE THE ICE CRYSTAL BOX

HIGH-DENSITY REFRIGERATION KEEPS WARMER

Step 1.

Put the ice crystal box filled with water into the refrigerator and freeze it into a solid

Step 2.

Put the frozen ice crystal box in the incubator, or the air-conditioning fan water tank and other spaces for use

DELICATE WORKMANSHIP

LET THE DETAILS SHOW ITS BEAUTY

FOCUS ON DETAILS, QUALITY IS VISIBLE

The box body is made of environmentally friendly HDPE, the material is non-toxic and tasteless, and can be directly contacted with food

The box body adopts environmental protection HDPE Material

The sealing port adopts anti-leakage and sealing design, giving you a safe and cool experience

The sealing port is leak proof Seal design

The sealing port adopts anti-leakage and sealing design,giving you a safe and cool experience

The sealing port is leak proof Seal design
